Dear Prof. V.S. Ramachandran,

I am happy to invite you to visit India as a guest of the Indian Council for Cultural Relations (ICCR) under the Council's "Distinguished Visitors Programme for 2009-10". We are proud of your achievements as an outstanding scholar of behavioural neurology and psychophysics, a prolific author and the recipient of various Indian and International awards. Your pioneering work in the field of neurology, visual perception, synesthesia and phantom limbs has been truly revolutionary, and has greatly enhanced the understanding of neurological functioning. I take the opportunity to also invite you to deliver the Nehru Memorial Lecture for 2009, scheduled for 13 November 2009.

As part of our hospitality, we would be happy to provide return airfare, as well as providing local accommodation and domestic air travel for you and your spouse/ companion for a period of up to 10 days between 10th November, 2009 to 20th November, 2009 or any days convenient to you (a few days before and after) the 13th November Nehru Memorial Lecture.

In due course, we will be requesting our Embassy in Washington to get in touch with you, and they would issue air tickets accordingly.

Looking forward to seeing you, and with warm regards.

Yours sincerely

(Karan Singh)
