Dear Professor Ramachandran

It gives me great pleasure to invite you to deliver the Oliver-Sharpey Lecture of the Royal College of Physicians for 2004. I enclose an extract from the College List, giving the background of this Lectureship with a list of recent lecturers.

It is proposed that this lecture be delivered on the occasion of a College conference on "Chronic Pain and the Science of Attention Conference" which will be held at the College on 15 September 2004. The title of the lecture would be of your own choosing, please find attached the conference programme.

We hope that you will be able to help the College in this way.

With best wishes

Yours sincerely
